HOUSING TYPES

CHILD DEVELOPMENT

33%

OF KINDERGARTEN CHILDREN WERE VULNERABLE IN AT LEAST ONE ASPECT OF THEIR DEVELOPMENT

The **Early Development Instrument** asks kindergarten teachers 104 questions about their students. The tool measures vulnerability on five scales: physical health and well-being, social competence, emotional maturity, language and cognitive skills, and communication skills.

70%

OF GRADE 7 STUDENTS HAVE MEDIUM TO HIGH WELL-BEING OR ARE THRIVING ON THE WELL-BEING INDEX

The **Middle Years Development Index** asks grade 7 students about their experiences inside and outside of school. It measures the percentage of children thriving in five areas of development: physical health and well-being, connectedness, social and emotional development, school experiences, and after school time.

CHILD CARE COSTS

AVERAGE MONTHLY GROUP CHILD CARE COSTS:

	\$1,131 PER MONTH FOR UNDER 1 YEAR OLD CARE

This infographic was prepared by the **Burnaby Early Childhood Development Community Table**. The Table is comprised of over 30 non-government and government agencies that provide programs and services to children ages 0 to 6 and their families. The Table aims to improve access to early childhood development services and promote healthy child development. The Burnaby ECD Table gratefully acknowledges the support of the City of Burnaby's graphic artist in preparing this infographic.
